

Daily Activities for the Week

Monday - "Meet the Star" and "My Life"

Your child may bring in personal items such as photographs, art work, hobbies, etc. that will help the class learn more about the Star. Please do not bring anything valuable or fragile. Fill in and bring the attached Interest Inventory. Your child will be given time to set up the display on Monday morning.

Your child will add a timeline to the display. The timeline will depict important, memorable dates and events in his/her life. Ex: birth date, first Christmas, beginning of school, trips, sporting events, etc. Parents-please tell us why your child is special on the attached Star sheet. This will be posted on the bulletin board display.

Wednesday - "The Guessing Jar" and "Teddy Bear Share"

Your child will bring in a filled guessing jar with items. The class will predict how many items are in the jar and make guesses. (more information attached)

On Monday, your child will bring home a picture of a bear, to be colored and decorated with clothes and/or accessories, to spend a few days with. During the visit, your child will write all about the bear's adventure on the attached journal page, which has a box for a drawing or photo to be attached. On Wednesday, your child should return the colored bear picture and journal page to school and share some of the highlights with our class.

Friday - "Teacher for a Day"

Your child will teach the class how to do or make something by doing a demonstration (art, music, etc.) Having the class participate is always enjoyable. This activity is most successful when it is simple enough for your child to explain and teach alone. Things like Cat's Cradle and Origami are difficult for one child to teach to an entire class. No food items please.
